

Australia! Join the worldwide celebration of music on June 21.

“Make Music Day is coming! HOW SCHOOLS CAN PARTICIPATE!”

Schools can be pivotal to the success of Make Music Day June 21 2018.

The AMA is committed to Joining the Celebration of Making Music Around the World on June 21. We are working with NAMM Foundation to join over 800 cities globally with Make Music Australia.

How can your school be involved in making music on June 21 and join the worldwide celebration?

Promote the benefits of making music and profile your school music program.

Here are some ways your store could be involved in Make Music Day:

- 1 Organise a lunchtime concert or performance at school for parents and students.
- 2 Encourage students to record their video for [AMEB's online orchestra project](#) which celebrates 100 years of AMEB service to music education.
- 3 Promote the school music program to parents on June 21 – host a music information session at your school for parents and students.
- 4 Approach your local music store and coordinate an event with them.
- 5 Approach your local council and request to showcase your school band or choir in a public place.
- 6 Approach local businesses to see if they'll host an event – could be a shopping centre for example or local music store.
- 7 Encourage all students who play any instrument to bring them to school and have an open forum for them to play to and for their school mates.
- 8 Have your end-of-semester one Concert on June 21.
- 9 Conduct a school sing-along, ukulele jam, a drum-along at the school at lunchtime, at assembly or after-school.
- 10 Announce to the school that June 21 is a global Make Music Day and encourage musicians to participate with their friends, on street corners, parks and public places.

REGISTER YOUR MUSIC ACTIVITY AND BE PART OF OUR NATIONAL EFFORT TO JOIN THE WORLD IN MAKING MUSIC ON JUNE 21. BE A PART OF SOMETHING BIG!

The AMA has got the Website established – Tell us about your plans for June 21 and we'll include your events in a national program, joining a global program.

Make Music Australia will promote a Program of Events online.

We will build a Social Media community – Make Music Day will grow and grow as it has in other countries.
